

SIZE GUIDE

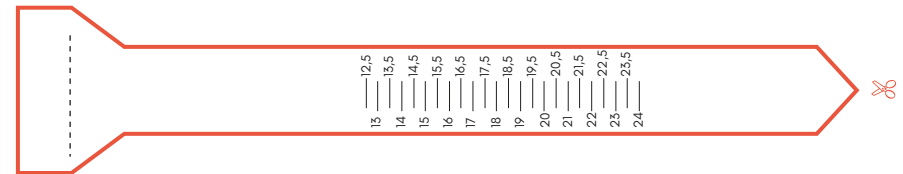

A few tips and tricks to help you find your perfect fit

1 If you already own a ring that fits, simply measure the inner diameter of the ring on a ruler (not including the edge). The measurement in millimetres is your European ring size.

3 Alternatively, cut out and wrap our Amsterdam Vintage Jewels measurer around your finger. The number that meets the dotted lines is your ring size.

2 You can also place the ring on the circles of our size guide to easily check - scaled to 100% and printed.

Diameter 16 mm	Diameter 16,5 mm	Diameter 17 mm	Diameter 17,5 mm	Diameter 18 mm
Omtrek 50,3 mm	Omtrek 51,8 mm	Omtrek 53,4 mm	Omtrek 55 mm	Omtrek 56,5 mm

4 Of course we can also help you with this. Book an appointment at Amsterdam Vintage Jewels HQ to get a professional measurement and to try on your favourite rings. Make your appointment **here**.
